

DIYANSHA MAGESH

Davis, CA 95616 • 530-304-0566 • dmag@ucdavis.edu

UC Davis Psychology • MIND Institute Research Lab

PROFESSIONAL SUMMARY

Senior Psychology undergraduate at UC Davis with research experience in clinical and neurodevelopmental psychology at the MIND Institute. Skilled in behavioral observation, clinical intake support, VR research protocols, and data management. Proficient in REDCap and Qualtrics. Fluent in English, Hindi, Telugu, and Tamil. Seeking Research Assistant or Junior Analyst roles in support of a Ph.D. in Clinical Psychology.

EDUCATION

Bachelor of Science in Psychology | *University of California, Davis* | *Graduation: July 2026*

Relevant Coursework: Research Methods in Psychology, Cognitive Neuroscience, Biological Psychology, Behavioral Epigenetics, Developmental Psychobiology, Clinical Psychology, Developmental Psychology, Emotional Psychology, Relationship Science, Elementary Statistics

RESEARCH & INTERSHIPS

Undergraduate Research Assistant | UC Davis Health, MIND Institute — AIR Lab (Q-DATA & VRAM Studies), Sacramento, CA | *Oct 2025 – Ongoing*

- Support research on attention and distractibility in adolescents (ages 8–18); observe clinical intake interviews and document behavioral and diagnostic assessment procedures
- Facilitate VR research sessions, prepare study materials, and ensure strict adherence to experimental protocols across the Q-DATA and VRAM studies
- Maintain IRB-compliant data integrity and collaborate with multidisciplinary teams to ensure protocol fidelity and participant welfare

Clinical Psychology Intern | Roshini Trust, Hyderabad, India | *July–Sept 2023* | *July–Sept 2024*

- Facilitated structured activities for children with neurodevelopmental disorders at child development centres and juvenile homes under the supervision of licensed clinical psychologists
- Assisted clinicians during standardized assessments: Developmental Screening Test (DST) and Vineland Social Maturity Scale (VSMS), supporting the assessment process and maintaining confidential clinical records in compliance with ethical standards
- Observed clinical intake interview and behavioral interventions and multidisciplinary care approaches and participated in clinical theory seminars building foundational knowledge of ICD and DSM frameworks

Student Intern | Peregrine School, Davis, CA | *Sept – Dec 2025*

- Conducted longitudinal behavioral observation of children aged 3–4 over 3 months, submitting biweekly reports integrating observational data with relevant research literature
- Tracked behavioral and emotional indicators to support early childhood developmental assessment and flagged changes requiring clinical attention

RELEVANT WORK EXPERIENCE

Peer Mentor | Student Disability Center, UC Davis | *Oct 2025 – Ongoing*

- Mentor up to 6 students with Autism Spectrum Disorder and other disabilities, facilitating social integration, academic support, and life-skills coaching as part of UC Davis SDC's newly established Peer Mentor Program
- Apply communication strategies tailored to individual disability-related needs; maintain strict confidentiality equivalent to medical and psychiatric information standards
- Host weekly Mentor Drop-In Hours at the Memorial Union office providing peer advising, time management support, and study skills guidance

Student Assistant | UC Davis Health, MIND Institute, CEDD/LEND | *Sept 2023 – Ongoing*

- Support CEDD (Center for Excellence in Developmental Disabilities) and LEND (Leadership Education in Neurodevelopmental and Related Disabilities) programs through event coordination, registration management, and logistics
- Compile and analyse participant satisfaction survey data via Qualtrics; develop event materials and manage speaker and community event requests

California Young Adult Ambassador | Soluna.app | *July 2025 – Ongoing*

- Plan and facilitate campus events and community panels promoting mental health awareness among young adults (ages 18–25) with a focus on mood-related challenges
- Create digital content and drive app engagement and registrations by communicating Soluna's clinical value to peer communities

CONFERENCES & PROFESSIONAL ENGAGEMENT

- Breaking Barriers 2025 Panel — Integrating Health, Education, and Digital Innovation to Support Student Mental Health
- CalYouth 2025 Tour Kickoff
- CYBHI 2026 Children, Youth and Family Network Statewide Convening

SKILLS & COMPETENCIES

Research & Data: Behavioral observation, data collection and analysis, Qualtrics, REDCap, longitudinal tracking, IRB compliance

Clinical: Intake interview support, behavioral and emotional assessment, VR protocol facilitation, multidisciplinary collaboration,

Technical: Microsoft 365, Qualtrics, REDCap, SharePoint, Adobe Suite, Zoom, Google Meet

Languages: English, Hindi, Telugu & Tamil

Core Competencies: Attention to detail, cross-cultural communication, participant support, community outreach, confidentiality compliance

CERTIFICATIONS

- National Peer Mentor Certificate
- Social and Behavioral Research- Basic/ Refresher (CITI Program)
- GCP- Social and Behavioral Research Best Practices for Clinical Research (CITI Program)

RESEARCH INTERESTS

Passionate about emotions, mood disorders, neurodevelopmental conditions, and adolescent and youth mental health. Currently building the academic and research foundation required to pursue a Ph.D. in Clinical Psychology, with a long-term focus on research that connects emotion science and mood pathology with evidence-based, accessible mental health care.
